*St Martins School is a “small school with a big heart,
where students behave extremely well”. (Ofsted 2022)*

As a 3-16 through school at the heart of the community of St Martins, we are able to deliver child centred, individually tailored education because of our small size and unique position in the community.

The family ethos of the school surrounds all who work and study here creating a safe, supportive and nurturing environment. We value academic progress and social development equally.

We work in collaboration with Moreton Hall School running a joint Combined Cadet Force programme aligned to the medical corp. Our unique scholarship agreement continues for post 16 studies for our brightest year 11 girls, and as part of 318 Education Trust we work together to ensure that changes and innovations continue to improve outcomes. We continue to invest in our facilities with the launch of a new Technology Suite.
